Artistic Impressions was founded in 1989 by Kip Zsupnik Sr. and is currently owned and managed by Kip and Kim Zsupnik in Hamilton, Montana. We are a U.S.A. based wholesale manufacturing company where we develop and produce high quality souvenirs, jewelry, and fashion accessories at the right price point.

We provide unique kiln fired and laser engraved personalized and non-personalized items using a vast variety of materials including porcelain, glass, metal, leather, wood and acrylic. Our hand painted, kiln fired pieces will not scratch or fade and will last a lifetime. The mineral paints are fired into the porcelain itself to make it one piece and a true Keepsake.

Our in-house graphics team has enabled us to generate custom art and location specific souvenirs that can be exclusive for your venues.

We are proud to offer taffy totes and our kiln fired chokers as 100% U.S.A. made items. They are made at our facility, from start to finish using U.S.A. made components. These souvenirs are entirely assembled, cut, painted, pressed, and sewn in house.

“My daughter is named Naima. She never sees her name at these places. Your custom lettering solves this for us!”

-Fatima

“I’m very impressed with the quality of your products. I’m a music teacher, and these make great gifts at a very affordable price”

-Frank
